Land Acknowledgement Statement

We acknowledge the lands and waters now known as Maryland are the home of its first peoples: the Accohannock Indian Tribe, Assateague People's Tribe, Cedarville Band of Piscataway Indians, Choptico Band of Indians, Lenape Tribe, Nanticoke Tribe, Nause-Waiwash Band of Indians, Piscataway Conoy Tribe, Piscataway Indian Nation, Pocomoke Indian Nation, Susquehannock Indians, Youghiogheny River Band of Shawnee, and tribes in the Chesapeake watershed who have seemingly vanished since the coming of colonialism. We acknowledge that this land is now home to other tribal peoples living here in diaspora. We acknowledge the forced removal of many from the lands and waterways that nurtured them as kin. We acknowledge the degradation that continues to be wrought on the land and waters in pursuit of resources. We acknowledge the right of the land and waterways to heal so that they can continue to provide food and medicine for all. We acknowledge that it is our collective obligation to pursue policies and practices that respect the land and waters so that our reciprocal relationship with them can be fully restored.

 - If you have received general operating support through another MSAC program, you are NOT eligible for a Creativity Grant (Gen Op OR Project) in the same year
 - If you are not currently supported through another general operating program (GFO, CAD, A&E, Folklife Network) in FY26, then you could apply for support instead through the Creativity Grant in FY26.

Creativity Grant - Who Can Apply (Project)?

- Only one application per project or program will be considered for funding.
- The organization must produce or present arts programs, services or projects that are relevant to its community and are available to the public.
- The organization has operated as an arts organization or arts program for one full fiscal year and be able to submit a financial statement for their most recently completed fiscal year at the time of application.

Not sure if your organization is eligible for support? Reach out so we can discuss further!

Creativity Grant - Who Can Apply (Project)?

- Independent Artists
 - Without affiliation to an organization
 - Must be a Maryland resident, 18+ years of age
 - Cannot be enrolled in high school, undergrad or grad degree programs
 - Proposed project/activities must take place in Maryland
 - Only one app per project will be considered

Creativity Grant - What can it support?

- Can support expenses directly related to the proposed arts activity including (but not limited to):
 - Artist fees/stipends
 - Consultant fees
 - Marketing/Promotions
 - Artistic materials & supplies
 - Space/venue
 - Equipment (connected to activities/non-capital)

Creativity Grant - What can't it support?

- Re-granting, scholarships
- Capital improvements & permanent equipment
- Activities that aren't open to the public
- Activities that are primarily therapeutic
- Travel outside of MD (*unless you're applying to the Planning Grant*)
- Day-to-day expenses associated with the running of a for-profit business, including but not limited to LLC, C-Corp, S-Corp, etc.
- As with any MSAC grant, the funds cannot be used for political contributions, lobbying activities
- ***Not sure? Ask!***

Creativity Grant - Application (Project)

- Choose your track:
 - **Project-support** - Planning & Development OR Implementation (Artists, Orgs)
 - General Operating (Orgs only)
- 3 Narrative Questions
 - Generally the same questions for all application options
 - Project-based support focuses on one specific project/program/event proposal; whereas general operating would focus on full year of operations.
- Organizations must also upload a financial statement (not needed for independent artists)

Creativity Grant - Application (Project)

Determining if your proposal is better suited for a **Planning & Development Grant** vs an **Implementation Grant**, consider some of the following:

- Where are you at in the Creative Process?
 - If in early phases, might be better suited in Planning & Development; If in later phases, might be better suited for Implementation. Consider the scope and timeline of the overall project
- Does the current proposal include a “final product” that will be seen/experienced by the public?
 - If yes, this would be suited for the Implementation Grant
- Does the current proposal focus specifically on the beginning steps or phases of a larger project?
 - If yes, this would likely be better suited for the Planning & Development Grant
- Does the current proposal include plans for research and/or development of a project that might not be seen/experienced by the public until a later phase in the project?
 - If yes, this would likely be better suited for the Planning & Development Grant

Creativity Grant - Application (Project)

Examples of Planning & Development Grants may include:

- Research and development for a project
 - May include travel outside of Maryland for research/planning purposes
- Artist time/stipend for developing/creating a work that doesn't necessarily have a concrete plan for future exhibition/showing (i.e. time to write, paint, compose, etc.)
- Creating a proof of concept, workshop, demo, etc for a larger project

Examples of Implementation Grants may include:

- A proposal that includes a final product experienced by an audience/the public
- Exhibitions, shows, concerts, productions, album recordings, publishing, etc.

Creativity Grant - Application (Project)

A project does not need to receive both a Planning & Development Grant and an Implementation Grant

- It may receive one or the other
 - A project may receive a Planning & Development Grant in one fiscal year and an Implementation Grant in another fiscal year
- If a Planning & Development Grant is received, there is no expectation of then also applying for an Implementation Grant later
- There are no benefits either way - each grant type has a separate scoring rubric, and would have different sets of panelists reviewing from one year to the next.
 - Your Implementation application isn't consider "stronger" because it received Planning & Development funding previously

Application - Project-based Support Implementation

Creativity Grant - Application (Implementation)

1. **A.** Describe your proposed arts activity/event/project. Within your response, include specific logistical details of executing your proposed activity.
1. **B.** Describe your plans for community engagement, the goals or intended impact of the arts activity on the community, and the geographic area the project will serve.

An Excellent to Outstanding response includes:

***A.** a clear, specific, and thorough explanation of the artist's proposed arts activity/event/project; and **B.** a clear and thorough evidence of goals or intended community impact; including engagement, intention, timeliness, and/or inspiration in relation to the defined community's needs*

Creativity Grant - Application (Overview)

Helpful Hints!

- Describe the activity with specific details of WHO, WHAT, WHEN, WHERE, and WHY within your first narrative.
 - Along with the logistical details of the proposed activity, be sure to share who you are, as well! Include relevant details about your artistic background/practice as it relates to the project.
- Approach your narrative as if the reader has no idea what you're proposing! Give them the full picture of what you're hoping to do.
- A useful exercise is having a trusted friend/family member/colleague/etc who knows nothing about your proposal read your draft application and have them "poke holes" in it - fill in the blanks where they were unclear before submitting

Creativity Grant - Application (Implementation)

2. Describe the timeline of your proposed arts activity. Within your response, include a detailed schedule of the project, including specific timing as it relates to steps of planning, promotional efforts, expenditure of funds, implementation and execution of events/activities, and evaluation.

An Excellent to Outstanding response includes:

Clear, specific, and realistic timeline demonstrating a realistic schedule, including specific timing as it relates to expenditure of funds, planning, promotional efforts, implementation of events/activities, and evaluation

Creativity Grant - Application (Timeline)

Helpful Hints!

- Include a full timeline/schedule of the entirety of the project from beginning to end.
- Consider a weekly or monthly listing (or other time increment) with specific dates/timeframes that share all steps of the process. Include all steps of planning, implementation, execution, and evaluation of the project

Creativity Grant - Application (Implementation)

3. Describe the overall budget for the proposed project. Within your response, include a clear listing of all projected expenses for the project, sources of income beyond the MSAC request, and how MSAC funding would be used.

An Excellent to Outstanding response includes:

Clear, detailed, and realistic financial plan for income and expenses tied to the proposed project.

Creativity Grant - Application (Budget)

Helpful Hints!

- Include a clear list that shows specific line items for all planned income and expenses - and a description to how you got to the total.
 - *(ie - Artist Fee = \$500: Hourly rate of \$25/hr for 20 hours)*
- The response must be within the context of the narrative; attachments of other budgets/financials will not be considered for Project-specific applications

Creativity Grant - Application

- Attachments include w-9, Electronic Signature
- Financial Statement (orgs only)

The full application & scoring rubric can be found on msac.org

Creativity Grant - FAQs

My project is still in the early planning stage. Can I still apply?

Yes! We recommend reviewing the application types and rubric carefully. Much of the scoring is based on specific details and thorough descriptions. If details are still in the early stages, you may consider applying for the Planning & Development option. Connect with a Program Director to discuss further.

I'm looking for funding to support living expenses and I don't have a specific project in mind. Can I apply for a Creativity Grant? No. A Creativity Grant is intended for project-specific support. An application must contain details associated with a specific project to be eligible. Artists looking for support for day-to-day expenses should consider the Grants for Artists program instead.

Creativity Grant - FAQs

My project has received previous Creativity funding. Can I apply again in a new fiscal year?

It depends - a project can only be funded once. However, if there are different “phases” or iterations of the project, future funding may be possible if the grant would clearly support different expenses and fall into either Planning & Development or Implementation. Talk with your Program Director to verify eligibility.

I’m eligible and applying for another MSAC grant, can I also apply for Creativity in the same month?

Yes! You can apply and receive multiple grants in the same fiscal year – and the same month. Each grant program has different goals and purposes to support different needs. Check the eligibility criteria for each of the program guidelines.

Creativity Grant - FAQs

My project is already complete. Can I submit for reimbursement of expenses?

No - we cannot reimburse for previously completed projects. You must submit an application before the completion of a project to be considered eligible.

I would like the grant to cover expenses associated with bringing a non-Maryland artist to Maryland. Is this allowed?

Possibly. If the grant funding would support a non-MD artist, it is recommended that you share a clear description as to why this particular artist would bring significant value to your project and to Maryland audiences. Check in with PDs if you have any questions about eligibility.

Creativity Grant - FAQs

My Implementation application includes expenses for earlier planning steps (that weren't funded through a Planning & Development Grant), is that okay? Yes! A Planning & Development Grant is not a requirement to receive Implementation support. An Implementation Grant should share all of the details and steps to outline how you will fully realize your project, including steps of planning of preparation. If you do not require funding for two separate phases of your project, you can simply apply for Implementation to execute the project in full.

I received a Planning & Development Grant earlier in the Fiscal Year, can I apply for an Implementation Grant later in the same Fiscal Year?

No - you are only eligible to receive one Creativity Grant per fiscal year. Consider this when you make your decision on when/how you apply.

Creativity Grant - FAQs

How can I share work samples/letters of support/reviews/etc.?

External documents are not considered as part of the review of the Creativity Grant application. Panelists will only review the three narrative questions per the scoring criteria. Do not include important information in links or other documents, as they will not be considered.

Helpful Hint - Apply early!

While you are eligible to apply any time for the Creativity Grant, we encourage you to apply early, whenever possible.

Payment is processed outside of the MSAC offices. If awarded, payment will take approximately 6-8 weeks to be received. Take this into consideration when determining when to apply.

Helpful Hint - Application Draft Feedback

Before submitting your application, Emily/Laura are available to review your draft application and offer feedback.

- We can only provide feedback once per application (we can't review multiple drafts)
- Please be courteous in your requests; we have MANY people we are trying to help. If you've received funding in the past or if your last application scored very highly (but was declined), consider allowing others access to our assistance

Email your Program Director to request feedback on your draft. Allow for **several weeks (6-8 weeks)** to receive written feedback. At certain times throughout the year, it could take longer.

Starting September 1, 2022, the Unique Entity ID (UEI) field will be a REQUIRED field for all organizations (including nonprofit organizations, government entities, and schools/universities) applying for funding from MSAC. This will take the place of a DUNS number, which will no longer appear on organizational profiles. After 9/1, an organization without a UEI may be considered ineligible for funding. Independent Artists do not need to obtain a UEI.
