Land Acknowledgement Statement

We acknowledge the lands and waters now known as Maryland are the home of its first peoples: the Accohannock Indian Tribe, Assateague People's Tribe, Cedarville Band of Piscataway Indians, Choptico Band of Indians, Lenape Tribe, Nanticoke Tribe, Nause-Waiwash Band of Indians, Piscataway Conoy Tribe, Piscataway Indian Nation, Pocomoke Indian Nation, Susquehannock Indians, Youghiogheny River Band of Shawnee, and tribes in the Chesapeake watershed who have seemingly vanished since the coming of colonialism. We acknowledge that this land is now home to other tribal peoples living here in diaspora. We acknowledge the forced removal of many from the lands and waterways that nurtured them as kin. We acknowledge the degradation that continues to be wrought on the land and waters in pursuit of resources. We acknowledge the right of the land and waterways to heal so that they can continue to provide food and medicine for all. We acknowledge that it is our collective obligation to pursue policies and practices that respect the land and waters so that our reciprocal relationship with them can be fully restored.

Equity and Justice Statement

The arts celebrate our state's diversity, connect our shared humanity, and transform individuals and communities. The Maryland State Arts Council (MSAC) and its supporting collaborators are committed to advancing and modeling equity, diversity, accessibility, and inclusion in all aspects of our organizations and across communities of our state.

MSAC and its grantees are committed to embracing equity and non-discrimination regardless of race, religious creed, color, age, gender expression, sexual orientation, class, language, and/or ability.

Vision

The Maryland State Arts Council plays an essential role ensuring every person has access to the transformative power of the arts.

Equity: Impact vs. Grant Writing

The application is meant to inspire authentic reflection and internal analysis for each applicant, with the knowledge that the Maryland State Arts Council is to be seen and utilized as a collaborative partner in the process.

One aspect of the partnership is to guide panelists to see beyond the “polish” of grant writing that may be inequitably influenced by the privilege of resources (financial, educational, etc...) and, instead, focus upon the impact of the applicant.

Equity: Impact vs. Grant Writing

The driving goals of this vision for the granting processes connect to the application in the following ways:

- To acknowledge positions of privilege while questioning practices, shifting paradigms of status quo arts activities, and taking more risks.
- To yield a greater variety of funded projects.
- To eliminate biases that may be found in any part of the granting process (i.e. - applications, panelist procedures, adjudication systems).
- To expand the deliberations about rigor beyond current conventions or Western traditions.
- To aspire to make investments that contribute to social change and demonstrate aesthetic excellence in terms relevant to context and intent.

Responses as Recommendations

"Minimal information is provided about the applicant's plan for community engagement."
